## Chronic Disease Programs & Support

### LIVESTRONG AT THE YMCA: FREE CANCER SURVIVOR PROGRAM

Since its launch, over 150+ cancer survivors in our community have become stronger through the LIVESTRONG at the YMCA cancer program. Cancer is a life-changing disease that takes a tremendous physical and emotional toll on those affected. The Y and the LIVESTRONG foundation have joined together to create LIVESTRONG at the YMCA, a research-based physical activity and well-being program designed to help adult cancer survivors reclaim their total health. Participants will work with Y staff trained in supportive cancer care to safely achieve their goals such as building muscle mass and strength; increasing flexibility and endurance; and improving confidence and self-esteem. By focusing on the whole person and not the disease, LIVESTRONG at the YMCA is helping people move beyond cancer in spirit, mind and body. The 12-week program is offered at no cost to any cancer survivor in the community. The program includes two group classes per week, taught by trained LIVESTRONG at the YMCA instructors, as well as full access to the Y for the 12 weeks.

For additional information and to participate, please contact: Eva Saint, Wellness Director, at 203-920-1623 or [esaint@newcanaanymca.org](mailto:esaint@newcanaanymca.org).

### EXERCISE FOR PARKINSON'S

Regular exercise has been proven to improve the lives of those living with Parkinson's disease. This 7-week exercise program is taught in a small group setting under the direction of a Personal Trainer who holds a nationally recognized certification in Parkinson's Exercise Instruction, formerly known as Delay the Disease. In these weekly classes, participants will be instructed through a physical and cognitive exercise program that can slow disease progression, boost mood, build independence, and improve strength, mobility, gait, and balance. Please note: Medical clearance is required to participate.

\*If a participant requires assistance from a caregiver to perform activities of daily living, the caregiver must be available to assist participant as needed in class.

### DIABETES PREVENTION PROGRAM

The YMCA's National Diabetes Prevention Program can help you actively engage in moving towards your personal health and wellness goals. Participation in this program at the YMCA will connect you with a lifestyle coach and a greater community of like-minded health-seekers that will motivate you in your journey towards a healthier lifestyle.

If you have been diagnosed with prediabetes or believe you may be at risk for developing diabetes, the Y is here to help you! This small-group program can help you eat healthier, find new ways to engage in regular physical activity, and lose weight, which can delay or even prevent the onset of type 2 diabetes. Led by trained lifestyle coaches, the program strives to help participants achieve two primary goals: (1) Reduce body weight by 5-7% (2) Increase physical activity to 150 minutes per week. For additional information or to participate in any of the above chronic disease programs, please contact: Eva Saint, Wellness Director, at 203-920-1623 or [esaint@newcanaanymca.org](mailto:esaint@newcanaanymca.org) or Melisa Pelikan, Wellness Nurse Coordinator, at 203-920-1642 or [mpelikan1@stamhealth.org](mailto:mpelikan1@stamhealth.org).

### COMING SOON: PEDALING FOR PARKINSON'S & A MATTER OF BALANCE CLASSES

#### Pedaling for Parkinson's

Riding an indoor stationary bicycle has been shown to reduce Parkinson's motor symptoms by as much as 35%, and it's something that almost anyone with Parkinson's disease can do. The Y's Pedaling for Parkinson's program is designed to offer an hour ride on an indoor stationary bike starting with a 10-minute warm-up, 40 minutes with resistance, and a 10-minute cool-down.

#### A Matter of Balance

A Matter of Balance (MOB) is specifically designed to reduce the fear of falling and improve activity levels among community-dwelling older adults. The program includes eight two-hour classes presented to a small group of 8-12 participants led by trained coaches. The program enables participants to reduce the fear of falling by learning to view falls as controllable, setting goals for increasing activity levels, making small changes to reduce fall risks at home, and exercise to increase strength and balance.

## Wellness Nurse Coordinator & Physical Therapy

### WELLNESS NURSE COORDINATOR AT THE NEW CANAAN YMCA

Melisa Pelikan is our on-site, registered Wellness Nurse Coordinator from Stamford Health. Melisa joined our Y with 30 years of experience in treating people in both inpatient and outpatient settings, community outreach and education, clinical research, and patient advocacy. She spent much of her time working with people in neuroscience and related specialties while also spending time in urology and infectious disease practices. Given her career-long interest in neuroscience and the chronic nature of many of the disease processes, she developed an interest in sustainable health and wellness habits for co-existing and thriving with alterations in health. Melisa supports practical, person-centered suggestions for success in seeking and maintaining health and she recognizes and values an informed approach. Melisa offers drop-in office hours at the Y for members to stop by and chat, ask a question, or get a referral. Also look for health lectures and events throughout the year hosted by Melisa. # SOCIAL RESPONSIBILITY: GLOBAL ENGAGEMENT

Providing support and inspiring action in our communities

## Facing the Future Child Development Center in Kibera, Kenya

Since 2007, the New Canaan YMCA has proudly partnered with Facing the Future (FAFU), a preschool through grade 9 child education center in Kibera, Kenya—Africa's largest slum. Through donations and service trips, we have helped transform a one-room school into a life-saving oasis with multiple classrooms, a library, computer center, playground, and medical center; providing education, healthcare, extracurricular activities, employment programs, school uniforms, and two meals a day to over 350 children who would otherwise have no hope.

**Thank you to all of our 2023 FAFU supporters who helped build a better life for the children at FAFU.**

- Our child sponsor families
- The West Elementary School 2022-2023 fourth grade class, their teachers, and their Walk-a-Thon supporters
- Our LemonAid Stand families
- Our Holiday Bazaar supporters: Zumbach's Gourmet Coffee, community bakers, staff volunteers, and event patrons.

### LEMONAID STAND PROJECT RETURNS THIS SUMMER

Do you have a budding philanthropist at home? Put your child's compassion into action and host a LemonAID stand for FAFU between Memorial Day and Labor Day! LemonAID stands can be here at the Y or in your own neighborhood. Sign up and receive your LemonAID kit at our Member Services Desk available this May (while supplies last).

### THE CRAIG PANZANO FAFU HIGH SCHOOL SCHOLARSHIP FUND

Each year since 2015, FAFU graduates have qualified through national exams to attend high school. Sadly, there are no high schools in Kibera and the cost to attend high school outside of the slum is unaffordable for the families of these children. In honor of Craig Panzano, former Executive Director of the New Canaan YMCA, we have created this special scholarship fund to enable FAFU students to build better lives by continuing their education. This scholarship recognizes Craig's dedication and passion for serving others not only here in the New Canaan community, but across the globe in Kibera.

Donations to support the Craig Panzano FAFU High School Scholarship Fund can be made online at [www.newcanaanymca.org/fafu](http://www.newcanaanymca.org/fafu).

### FACING THE FUTURE SPONSORSHIP PROGRAM

Our sponsorship program provides individuals and families with the opportunity to make a life-saving and life-changing difference in the life of a child at FAFU. The program is designed to sponsor students in grade 4 each year, enabling every child at FAFU the opportunity to experience a sponsorship. Each new school year, returning and new sponsors are paired with a new 4th grader.

Each sponsor becomes someone special to a child in need across the globe by committing to a one-year sponsorship at \$360 per child. For less than a dollar a day, each sponsor's support provides a FAFU student with:

- One year of education and school supplies
- Two meals per day
- School uniform
- Medical supplies and routine check-ups

As a sponsor, you will be offered opportunities to engage with your sponsored child through letter writing and video calls during the school year. Although we encourage sponsors to participate in the engagement piece of the sponsorship program, it is entirely voluntary. We understand that schedules may not permit this time commitment and value the positive impact their financial support has on the lives of these vulnerable children.
